I'm wordpress full stack developer for over 5 years. I designed many websites on frontend using **html,css (bootstrap,uikit,etc)** **javascript(es5,es6,es7),jquery** and on backend i used **php,sql** also managed most of them with **Amazon Web Services(AWS)**.
I also developed plugins and apis for various websites.

Besides, the front end UI/UX designs i'am strong relationship with **Adobe XD, GIMP,Inkcape,Photoshop and Illustrator**.
Also, i'am fanatic at speeding up my projects according to some endustry standart tools like **Google Page Speed Index,GTmetrix,webpagetest.org**
I'm closely working with marketing team to enchanche conversions
so that i'm experienced with **Google Analytics,GTM,Google Adwords and Google Search Console**
I'm currently working for huge media company in Turkey and **looking for work remotely** as a team member of great software companies.

EXPERIENCE

• Bravo TV Media LLC. (2018- Current) - ssportplus.com Senior Developer
